Re: Support for Paid Sick Day's Proposal

Dear Chairman Licata:

On February 3, 2011, the Seattle Human Rights Commission voted to join the Seattle Coalition for a Healthy Workforce and support the Paid Sick Days proposal in Seattle. We note that the Seattle Women's Commission and the Seattle Lesbian Gay Bisexual Transgender Commission also support the measure.

We understand that the Paid Sick Leave proposal is an important issue for all employers, employees, and family members in the City of Seattle and we will be glad to work with the Council and your Committee as this measure moves forward.

Sincerely,

Roslyn Solomon, Chair
